JETS IN THE COMMUNITY

The New York Jets take great pride in a long-standing, year-round commitment to our community. Programs funded by the New York Jets Foundation look to positively influence the lives of young men and women in the tri-state area by supporting youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities.

From launching football teams at urban high schools to unifying our community for change to fostering positive school environments, the New York Jets invest in programs that make a difference in the lives of others. In addition to our focus on youth development, the Jets support the efforts of the Lupus Research Alliance, numerous established charitable organizations and causes sponsored by the NFL.

JETS PLAY FOOTBALL

The New York Jets are committed to growing the game of football, removing barriers of access, and improving safety through a comprehensive outreach program designed to provide opportunities for underserved communities to play football.

FLAG FOOTBALL

The Jets fund and create thousands of flag football opportunities for children ages 5-18 to enjoy America's favorite sport. Players benefit by being physically active through non-contact, continuous action while learning the fundamentals of football, lessons in teamwork and sportsmanship.

In February 2021, in accordance with the 35th National Girls and Women in Sports Day, the Jets and Nike announced the creation of a High School Girls Flag Football league in New Jersey. Eight (8) high schools from the North Jersey Super Football Conference (NJSFC) agreed to participate in this pilot league. The long-term goal of this league is to have the sport recognized as an official high school statewide championship sport. The Jets and Nike gave each school an $11,000 grant for participating and provided schools with uniforms, equipment, and apparel. The season began in Spring 2021 and culminated on June 10th at MetLife Stadium with the semifinals and finals.

In 2019, the New York Jets presented a combined donation of $60,000 to New York City Police Athletic League (PAL) and New York City Parks and Recreation (Parks and Rec.) to operate an NFL FLAG Football program powered by USA Football. Through funding provided by the Jets Foundation, over 3,000 New York City youth have the opportunity to play flag football at no cost. All participants are given a free Jets NFL FLAG Football jersey and top teams from each program competed in a tournament hosted at the Jets practice facility.

Each year the Jets provide $50,000 to support the Public Schools Athletic League (PSAL) Girls Varsity Flag Football League. The league created in 2011 by the PSAL and Jets has grown from 19 teams to now almost 60 schools participating. In 2019, the Jets hosted four flag teams from the PSAL at a minicamp practice. Following the practice, a ceremonial check presentation was held, and the teams scrimmaged on the Jets practice field.

YOUTH FOOTBALL

Since 2007, the Jets have provided annual funding for the expansion of CHAMPS Middle School Flag Football League to more than 3,700 students at 111 programs throughout the New York City public school system. The CHAMPS Middle School Sports and Fitness League is an initiative of the New York City Department of Education that promotes student physical activity during the critical years of middle school. The name CHAMPS derives from the initials of the five characteristics that describe our participants: Cooperative, Healthy, Active, Motivated and Positive Students. For more information go to https://www.schools.nyc.gov/school-life/health-and-wellness/sports-and-staying-active/champs

PUBLIC SCHOOLS ATHLETIC LEAGUE

In 2001, the New York Jets formed a community partnership with the Public Schools Athletic League (PSAL) to provide support to New York City public school football programs. Through an annual matching grant from the NFL's Youth Football Fund, the New York Jets now donate $100,000 to the PSAL's football programs. The funding offsets the cost of reconditioning every student-athletes' helmet and has helped to create 15 new and developmental football teams. Beyond these grants, the Jets support the PSAL in a variety of other ways including honoring the PSAL football champions at a home game during the NFL season.

HIGH SCHOOL COACH OF THE WEEK

For 10 weeks during the football season, the Jets present the High School Coach of the Week award to a coach in the tri-state area. This coach serves the best interests of the game through the teaching of sound football fundamentals, the motivation of young players to achieve, and the promotion of youth football by way of dedication to their community, school and student-athletes. The Jets award each winner with a $1,000 check for their high school's football program. In addition to the weekly award, a Coach of the Year is selected at the end of the high school season and awarded $2,000. All winners are honored on-field during a Jets regular season home game.

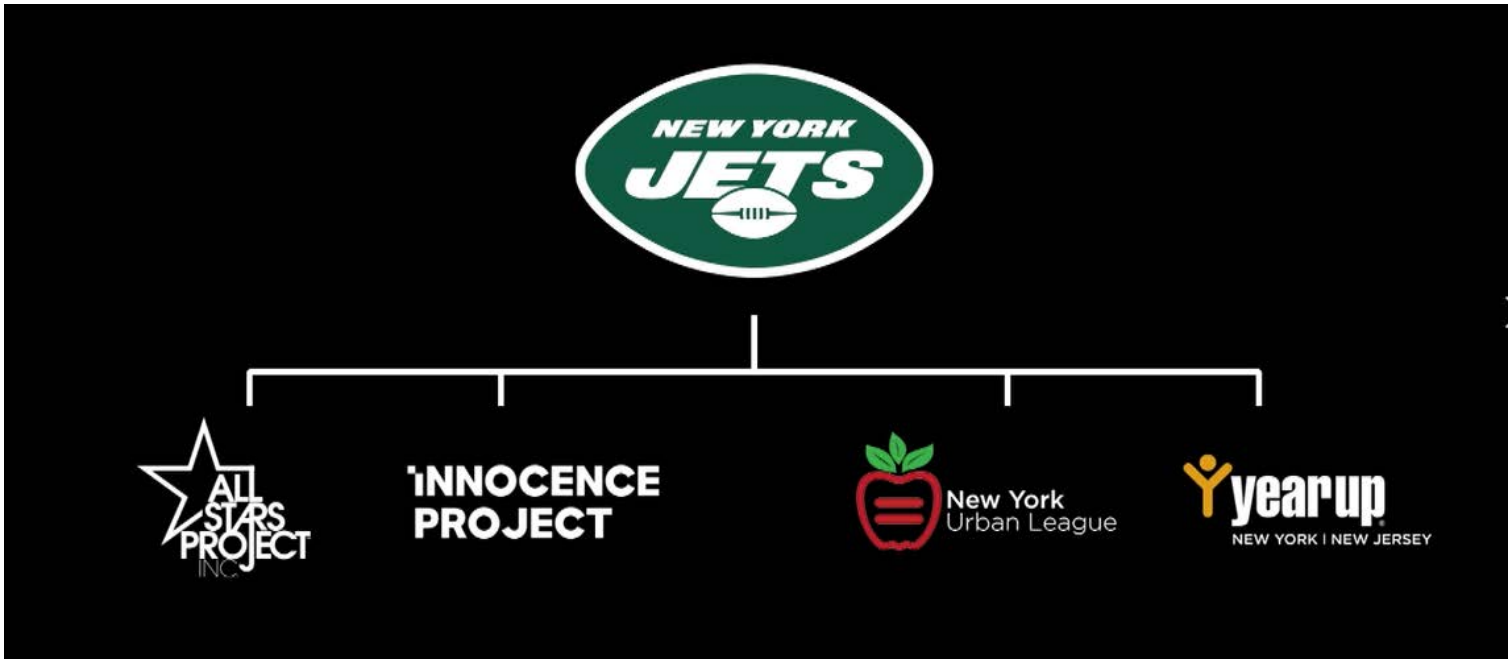

NEW YORK JETS 11-ON TOURNAMENT

Fueled by

Annually, the Jets and Nike host a 48-team high school 11-ON football tournament fueled by Gatorade. In 2021, the event was hosted at the Central Park of Morris County over two days in July and was comprised of both a traditional 7on7 tournament, as well as a linemen challenge. The tournament is free of charge to all schools and participants receive a complimentary pair of Jets branded shorts and Gatorade product, courtesy of the Jets, Nike and Gatorade. The 7on7 and linemen challenge champions are invited to a a Jets home game and honored on-field prior to kickoff. Information for the 11-ON Tournament is made available in early spring. If interested in participating, please email: youth_football@newyorkjets.com.

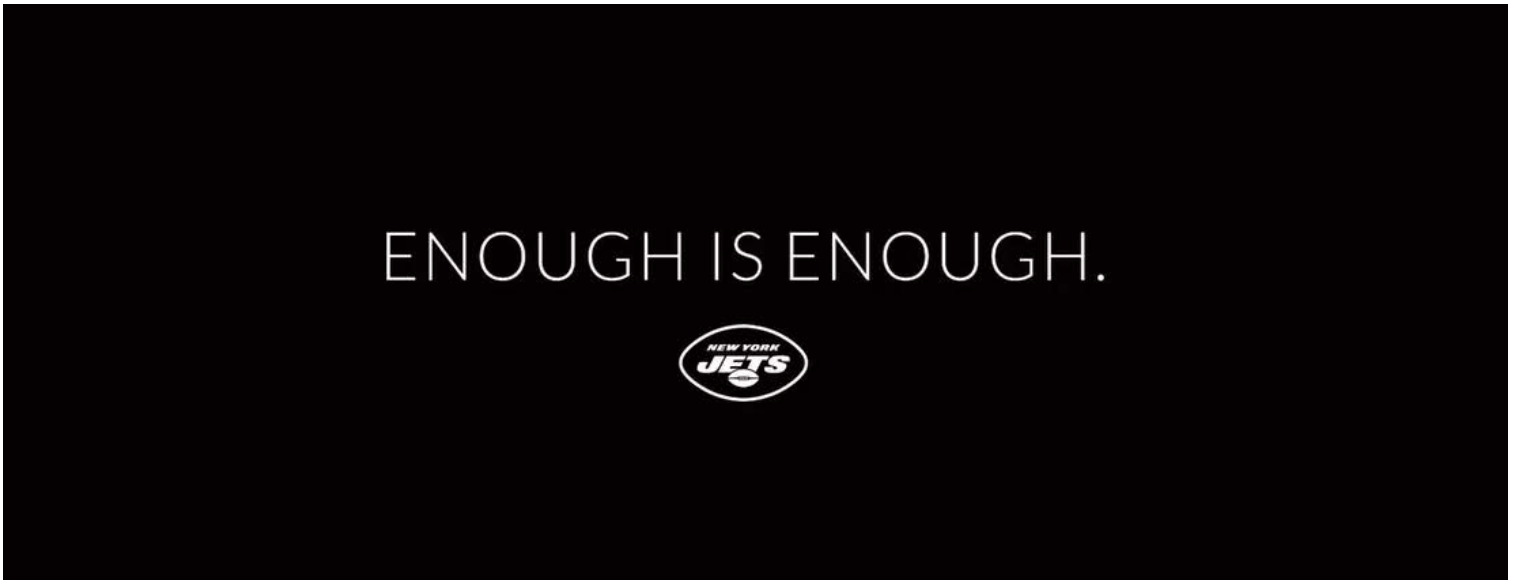

SOCIAL JUSTICE

As part of the New York Jets social justice, inclusion and diversity efforts, a $1,000,000 donation to four partner organizations was made with the goal of reducing barriers and creating opportunities for individuals in need. These organizations - All Stars Project, Innocence Project, New York Urban League and Year Up - each received $250,000. Additionally, New York Jets players, coaches, and staff have begun to volunteer their time and expertise on various projects with each organization.

In August, the team released a video from players and leadership declaring the Jets' intentions to affect change in their community. Since then, the Jets Social Justice, Diversity and Inclusion Team (SJDIT) was formed to represent and help steer the entire organization as it relates to the process and execution of the club's social justice efforts as well as internal diversity and inclusion practices. The group is comprised of employees from across business and football staffs, each serving a 1-year term, that meet regularly to evaluate and provide feedback on issues surrounding the organization as well as the team's social justice outreach. The SJDIT, along with club ownership, senior executives and player leadership, identified four focus areas in which to make an impact: poverty, race equality, diversity and inclusion, criminal justice reform, police-community relations, access to education and healthcare.

In the future, the team plans to identify additional organizations to partner with, engage in meaningful conversations with community members and identify legislation to help enact. Seventy members of the New York Jets staff have volunteered their time to work with each partner organization in different capacities. Volunteer opportunities include mentorship with students from Year Up and Urban League, a listen and learn with Innocence Project and Operation Conversation with All Stars Project. These opportunities have allowed staff members to be involved and enact change within the community.

JETS TACKLE BULLYING

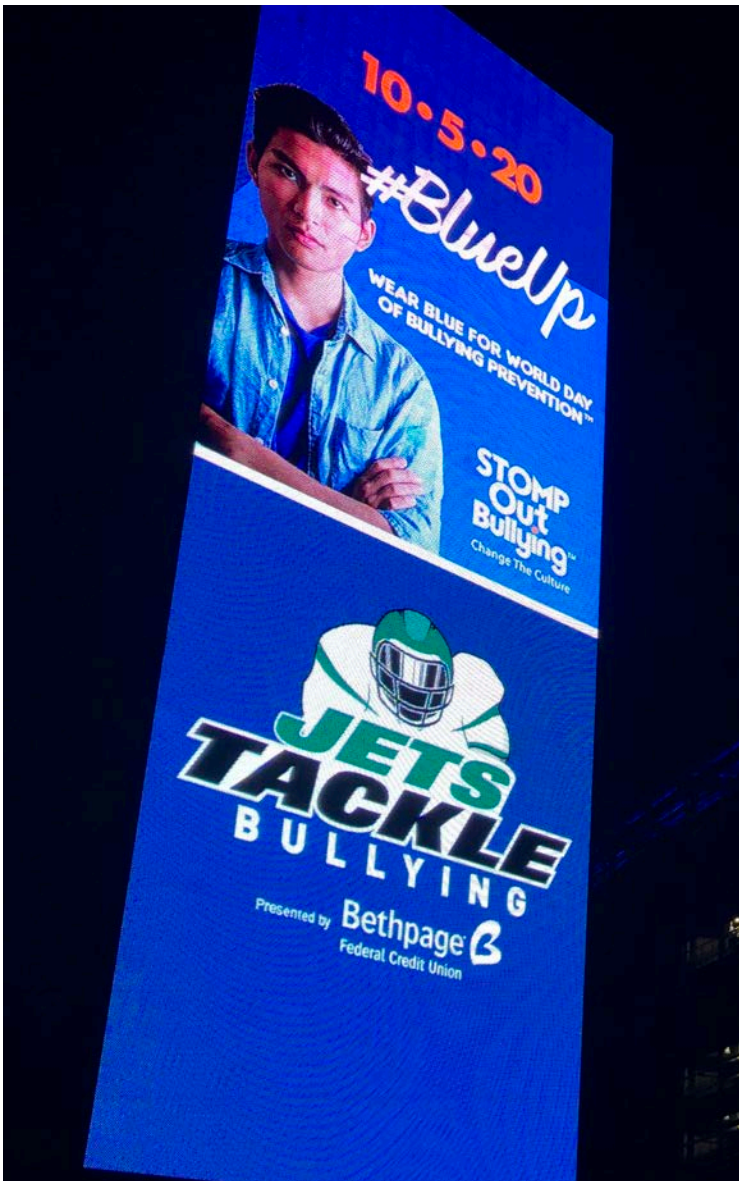

Presented by Bethpage Federal Credit Union

The Jets Tackle Bullying program presented by Bethpage Federal Credit Union is a collaboration with STOMP Out Bullying™ to tackle all forms of bullying by raising awareness, providing tools for educators and preventing bullying for kids and teens. The Jets and Bethpage have made available a team branded STOMP Out Bullying Educator's Prevention Toolkit at no cost to schools in the tri-state area. This toolkit enables educators to create meaningful dialogue, educate students through proven Social Emotional Learning methods, adopt character building in schools and involve both students and faculty in working together to change school climate. In addition, the Jets have funded a digital training tool reaching every school throughout the New York City Department of Education.

Schools that sign up for the toolkit or complete the digital training course are invited to our annual Educator's Symposium, designed to provide teachers and administrators resources to improve the culture at their schools. Schools that attend the symposium are then given additional opportunities to engage with the Jets through our Upstander of the Week and School Recognition programs.

The Upstander of the Week Program highlights one student per week during the season across our social media platforms and on the video boards during home games. "When you see someone being bullied and/or cyberbullied and you help them, you stop being a bystander and become an Upstander!" Our School Recognition Program focuses on schools who demonstrate and can articulate how their school combats bullying. Selected schools receive a fun filled assembly featuring a Jets player. For opportunities to activate with the Jets in the ways mentioned above please sign up today for a toolkit at nyjets.com/antibullying.

About STOMP Out Bullying™ Created in 2005, STOMP Out Bullying™ is the leading national nonprofit dedicated to changing the culture for all students. CHARITABLE PARTNERSHIPS

CHARITABLE PARTNERSHIPS

The New York Jets are committed to giving back to our community. That is why we partner with numerous charitable organizations throughout the tri-state area. We are proud to help further the mission of these critical programs which truly make a difference in the lives of many people.

LUPUS RESEARCH ALLIANCE

LUPUS RESEARCH ALLIANCE

The New York Jets organization is deeply committed to supporting the Lupus Research Alliance, a national voluntary health organization co-founded by Robert Wood Johnson IV - a member of the founding family of Johnson & Johnson, and chairman of the New York Jets. The Lupus Research Alliance's mission is to improve treatments while advancing research toward a cure for systemic lupus erythematosus (SLE, or lupus), a debilitating autoimmune disease. As the world's leading private funder of lupus research, the Lupus Research Alliance has supported the most promising lupus biomedical research leading to key discoveries that are improving diagnosis and treatment, while helping scientists find the mechanisms to prevent and cure the disease. The organization has committed $200+ million to more than 500 lupus research projects at the most prestigious universities, medical schools and hospitals throughout the world.

The Lupus Research Alliance believes that scientific research is the most powerful way we can improve the lives of people living with lupus today and over the long term. By pushing the limits of scientific exploration and shepherding new discoveries into potential treatments, we seize every opportunity that will help ease the burden of people living with this difficult disease. To accomplish this goal, the Board of Directors promises to cover all administrative and fundraising costs of the organization, ensuring that 100% of all donations go directly to funding research programs in order to realize our vision of a world free of lupus.

Since 2001, the New York Jets continue to increase awareness of lupus and help raise much needed funding for research through the Walk with Us to Cure Lupus program, proceeds from the annual New York Jets Kickoff Luncheon and other events in the tri-state area. To find a walk near you, visit walk.lupusresearch.org or call toll free, (866) 925-5257. Together, we will find a cure!

SALUTE TO SERVICE

SALUTE TO SERVICE & FIRST RESPONDERS

Salute to Service is the Jets and League's year-round effort to Honor, Empower and Connect with our nation's service members, veterans and their families. Salute to Service is highlighted in NFL games during Weeks 10 - 12, where the Jets traditionally give complimentary tickets to service members, host an enlistment ceremony, display a military themed National Anthem and donate proceeds from the 50/50 raffle to the Stephen Siller Tunnel to Towers Foundation smart home program for disabled veterans. Additionally, the Jets recognize and celebrate First Responders at a selected regular season home game. Workers from local hospitals, fire departments and police stations are honored throughout the game and integrated into the game presentation.

SOLDIERS TO SIDELINES

During our Salute to Service Week, the Jets and Soldiers to Sidelines host 30 veterans and active military members for a coaching certification seminar. Over the course of the program, they will learn the process of becoming a football coach. All participants will earn coaching certificates following the seminar. The Soldier Coaches will be armed with coaching knowledge and techniques along with connections to the athletic community. Soldiers to Sidelines is a non-profit organization who believes that our service members can have a meaningful and lasting impact on others through athletics.

UNITED WAY

Since 1973, United Way, the NFL and the New York Jets have had the most visible and longest-running charitable collaboration of its kind. Every year, thanks to community service projects and public service announcements, millions of Americans learn about United Way's vital work and the volunteer spirit of the NFL.

Combining their rich histories of active community involvement, United Way of New York City, United Way of Northern New Jersey, United Way of Essex and West Hudson and the New York Jets have teamed up to drive home the importance of community involvement. Their community outreach efforts include the Hometown Huddle, an annual hands-on volunteer project with players, the Gridiron Gala, New York City's premier charity event, Character Playbook, an innovative digital learning experience that uses evidence-based strategies to educate students on how to cultivate and maintain healthy relationships during their critical middle school years and Tix for Kids, a charitable ticket turn-back program for season ticket holders.

The New York Jets implement Tix For Kids with the United Way of New York City. The charitable ticket distribution program was created in 2003 to give season ticket holders an opportunity to donate their tickets to underprivileged children. This program allows numerous children to experience the excitement of the NFL first-hand as many of them have never attended a professional football game.

United Way of New York City makes these donated tickets available to children and youth participating in their programs via community-based organizations throughout New York City, including Children's Aid Society, East Side House, Good Shepherd Services, Partnership with Children, Sports & Arts in Schools Foundation and many others.

Log in to your My Jets Account at am.ticketmaster.com/nyjets. There is no charge for this service. Upon receipt of your ticket donation, United Way will issue a written letter of confirmation recognizing your charitable donation for tax purposes.

UNITED WAY HOMETOWN HERO

PLAY 60

The New York Jets have taken a stance in the fight against childhood obesity through fitness and nutrition programs under the Jets PLAY 60 platform, which encourages children to get 60 minutes of activity every day.

PLAY 60 FLAG FOOTBALL PROGRAM

The Jets PLAY 60 Flag Football Program encompasses 6th Grade students from six Morris County Schools where the Jets provided flag belts, jerseys and footballs to operate a flag football unit. All six participating schools, Chatham Middle School, Harding Middle School, LC Johnson Middle School, Madison Jr. School, Ridgedale Middle School and St. Vincent The Martyr School encouraged students to participate in at least 60 minutes of physical activity every day while learning the game of football. As a culmination, each school will compete in a tournament at the Atlantic Health Jets Training Center.

FUEL UP TO PLAY 60 HOMETOWN GRANTS

Through the Fuel Up to PLAY 60 program, the New York Jets and American Dairy Association Northeast are offering two $5,000 Hometown Grants to eligible schools in Nassau County and Suffolk County that best showcase how their students stay active for 60 minutes per day, as well as provide increased access to school breakfast and ensure their students are fueled to learn. Grants will be awarded to one school in each county to help facilitate sustainable physical activity and eating improvements. Schools not already enrolled in the Fuel Up to PLAY 60 program can enroll at www.fueluptoplay60.com and email Kristina Moher at KMoher@milk4u.org for the online grant application. Fuel Up to Play 60 is an in-school nutrition and physical activity program launched by National Dairy Council and National Football League, with additional support from the US Department of Agriculture. The program encourages youth to consume nutrient-rich foods and achieve at least 60 minutes of physical activity every day. Proper nutrition and consistent physical activity are both necessities for maintaining a healthy child.

HOMETOWN HUDDLE

Presented by nrg

The Jets and United Way's Hometown Huddle presented by NRG is an annual day of service that provides the Jets rookie class the opportunity to participate in a community service project together. Each year, the Jets Hometown Huddle consists of building a Jets PLAY 60 fitness zone in New Jersey. Since 2008, the New York Jets have donated over $970,000 to fourteen PLAY 60 Fitness Zones.

ATLANTIC HEALTH JETS TRAINING CENTER

Located at **ONE JETS DRIVE** in Florham Park, New Jersey, the Atlantic Health Jets Training Center has been the headquarters of the Jets since its official ribbon cutting on September 2, 2008. Designed by Skidmore Owings + Merrill, the 224,000 square-foot complex sits on nearly 100 acres of open space and provides players, coaches and staff with a best-in-class facility to learn, practice and work within 30 minutes of both MetLife Stadium and Newark Liberty International Airport.

UNDER THE SAME ROOF

Prior to the opening of the Atlantic Health Jets Training Center, the team's operations were split between two locations. Located on the campus of Hofstra University, Weeb Ewbank Hall housed the players, coaches and football support staff, while the business operations were located in New York City.

In the creation of the new facility, Chairman Woody Johnson looked to unite all elements of the franchise under one roof. In the Atlantic Health Jets Training Center, the organization now has a building that seamlessly combines the operations of both the football and business departments. Equipped with open-concept workstations and state-of-the-art technology to create an efficient and friendly work environment, the training center was a major contributing factor in the team being named one of Inc. Magazine's Top Small Company Workplaces in 2010. An outdoor terrace, which overlooks the practice fields, provides a business entertainment area for both the team and its corporate partners.

FOOTBALL FACILITIES

Featuring state-of-the-art training and medical facilities that combine the latest advances in rehabilitation pools, high-performance equipment and nutrition, the Atlantic Health Jets Training Center also has five full-size football fields: three natural grass, two Sportexe synthetic turf field, one outdoors, and another indoors in the Field House, each with a permanent scoreboard. Additionally, the goalposts on two of the natural grass fields can be repositioned 90 degrees to help minimize some of the wear throughout the season. With a first floor that is all football, the facility houses a 5,500-square-foot locker room, an 11,000-square-foot weight room and a 10,000-square-foot cafeteria.

As a "graduate school for football" - an element that was important in the design of the building - the Atlantic Health Jets Training Center has more than 25,000 square feet of space dedicated to classrooms and instruction space, including 10 classrooms. The classroom also provides direct access to both the indoor and outdoor practice field, allowing for seamless transition between classroom and practice.

From 2017-19, the facility has welcomed over 30,000 Jets fans to camp. Fans are able to take advantage of bleachers for enhanced viewing, a shuttle service to and from the parking lot, water and sunscreen stations close to the field, cooling zones, and hand sanitation stations.

Jets Fest, a training camp tradition since 1997, returns this year featuring kids activities and experiences, the Jets Shop merchandise tent, music, and a concession with food and beverage for purchase. ROBERT WOOD JOHNSON

CHAIRMAN

JETS 22

ROBERT WOOD JOHNSON, a member of the founding family of Johnson & Johnson, has built upon his family's proud legacy of achievement as a successful businessman, compassionate philanthropist, civic leader, and diplomat.

Upon purchasing the team in 2000, Johnson established his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new stadium. Under his leadership, the Jets entered their new home field, MetLife Stadium, an award-winning arena that has been ranked as the #1 highest grossing venue in the world. He also moved the Jets into the Atlantic Health Jets Training Center, a world-class 224,000 square-foot complex that united the entire organization, and provided the perfect facility for everyone—players, coaches, and staff—to continually improve and excel.

In 2017, Johnson was appointed the U.S. Ambassador to the United Kingdom. As ambassador, he strengthened the 'Special Relationship' between the US and the UK, by promoting security and economic prosperity over a range of issues from trade to cyber security policies. While in London, the Ambassador resided in the historic Winfield House, receiving world leaders including Her Majesty Queen Elizabeth II and on multiple occasions, President Donald Trump. Ambassador Johnson led the relocation of over 1,000 employees from the Embassy's historic location at Grosvenor Square to a new state of the art headquarters at Nine Elms. When the pandemic struck London, he then directed those employees in the remote, effective and efficient operation of the Embassy to continue to serve and promote the United States' interests in the United Kingdom. Throughout his tenure at the Embassy, Ambassador Johnson engaged with government leaders and the British people, traveling extensively throughout the United Kingdom and Northern Ireland to hear local concerns and emphasize the 'Special Relationship.'

Following his diplomatic service, Ambassador Johnson returned to one of his passions—football—and resumed his role as chairman of the Jets. (During his service abroad, Johnson's brother, Christopher, filled the role of chairman.) With Christopher Johnson now vice chairman, he will continue to build on recent leadership additions including General Manager Joe Douglas and Head Coach Robert Saleh. With President Hymie Elhai, these three comprise the organization's unified approach to build the Jets into a sustained, winning franchise.

Beyond the field, Ambassador Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in the community. In this spirit, the team, through the New York Jets Foundation, positively influences the lives of young people in the area by expanding youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities. Among the Foundation's programs is the launch of the first Girls High School Flag Football League in New Jersey. In addition to its commitment to youth programs, the Foundation also supports the Lupus Research Alliance to raise awareness and medical research funds for this autoimmune disease.

Chief among Ambassador Johnson's healthcare initiatives is the support for lupus research. In 1999, he founded the Alliance for Lupus Research (now the Lupus Research Alliance). This was the first organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. Thanks to his leadership, the organization has dedicated more than $214 million for research grants and achieved the major milestone of funding research which set the stage for the recent FDA approval of two new treatments for this autoimmune disease.

Over many years, Ambassador Johnson has been active in philanthropy and civic affairs, including past roles as an Honorary Trustee of the Wildlife Conservation Society and a past board member of the National September 11 Memorial & Museum at the World Trade Center and the Peregrine Fund. The Ambassador also served as a Trustee and a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and healthcare for Americans.

CHRISTOPHER W. JOHNSON

VICE CHAIRMAN

JETS 22

CHRISTOPHER WOLD JOHNSON, a fourth-generation member of the founding family of Johnson & Johnson, has overseen pivotal changes within the organization, appointing the team's football and business management, while updating the club's brand and uniform for the first time in 20 years. A key part of the New York Jets leadership since 2000, Johnson begins his first season as vice chairman, working alongside his brother, Chairman Woody Johnson.

In his new role, Johnson will provide continuity after overseeing the promotion of team President Hymie Elhai, and the hiring of General Manager Joe Douglas and Head Coach Robert Saleh in his time as chairman & CEO. In these three, Johnson is confident he found collaborative leaders who will unify the Jets in their shared goal of a sustained, winning franchise.

Previously serving as the Jets chairman & CEO (2017-21), Johnson has spent the past four years developing a strong bond with the players, working closely with them to advance the programs and initiatives they deem important. In 2020, Johnson addressed the team and discussed how they all—Johnson, coaches, executives, and players—could use their powerful platform to influence positive change.

To support this goal, Johnson and the Jets donated $1 million to four partner organizations in December of 2020, with each organization—All Stars Project, Innocence Project, New York Urban League and Year Up—receiving $250,000. These organizations mirror the Jets' and Johnson's focus on education, community/police relations, criminal justice reform, as well as other initiatives, including reducing poverty, racial equality, and workforce development. The players, coaches and staff will continue to work to reduce barriers and create opportunities for individuals in need on various upcoming volunteer projects championed by the organization.

As part of the response to the COVID-19 pandemic, Johnson, his family, and the Jets donated $3 million to support those in need in the New York and New Jersey areas. In March of 2020, they pledged $1 million to support the United Way of New York City's COVID-19 Community Fund, the United Way of Northern New Jersey's ALICE Recovery Fund and the United Way of Long Island's United Together: A Response Fund for COVID-19. A month later, they donated $2 million to organizations focused primarily on food insecurity, first responders and regional relief.

In April of 2019, the organization unveiled three new uniforms, and a refreshed logo—the first changes to both in more than 20 years. In addition to the uniforms and logo, the team also implemented significant alterations to the Atlantic Health Jets Training Center to reflect the re-brand and modified fan elements at MetLife Stadium for the 2019 season.

A dedicated advocate of autism research and awareness, Johnson works closely with the Johnson Center for Child Health & Development. Named for his mother, the late Betty Wold Johnson, the Center aims to advance the understanding of childhood development through clinical care, research and education, as well as raise awareness on Autism Spectrum Disorder and identify medical research to unlock better treatments for children and young adults affected by this condition.

Johnson is also active in various educational endeavors and local philanthropy, supporting a range of initiatives, including charter school construction, as well as encouraging public discourse and exchange of ideas through debating societies.

HYMIE ELHAI

PRESIDENT

JETS 22

HYMIE ELHAI ***(pronounced HI-me EL-hi)*** begins his third season as the president of the New York Jets after his appointment by Vice Chairman Christopher W. Johnson in 2019. Now in his 22nd year with the team, Elhai's commitment to the Jets is evident as he has helped to define the culture of the organization, while also garnering respect from across the league throughout his tenure.

"For over 20 years Hymie has developed a deep level of respect from both sides of the building," said Christopher W. Johnson. "Specifically, I witnessed first-hand, his leadership, communication and organizational acumen."

Under Elhai, the Jets have solidified their business staff's senior leadership, as he oversees all team business operations, bringing his balance and perspective to those various departments, including: Communications, Community Relations, Content, Corporate & Premium Partnerships, Events & Game Operations, Facilities, Finance, Information Technology, Legal & Human Resources, Marketing, Security and Ticketing.

Playing a key role in hiring of the football leadership, Elhai worked with Christopher W. Johnson to hire General Manager Joe Douglas in 2019, and with both Johnson and Douglas to hire Head Coach Robert Saleh in 2021.

The collaboration among Elhai, Douglas and Saleh forms the foundation that will move the Jets toward their goal of being a sustained, winning franchise. Throughout his time as president, he has worked closely with the football staff, providing counsel and support for various organizational-encompassing objectives. JOE DOUGLAS

GENERAL MANAGER

MECHANICSVILLE, VA | RICHMOND | 22 | JETS 3

JOE DOUGLAS begins his third season as general manager of the New York Jets after being named to the position in June of 2019. Now in his 22nd season in the National Football League, Douglas, a three-time Super Bowl winning executive, continues to put his stamp on the organization.

Since taking the position, Douglas has shown that the search for players never stops. He has added starters and contributors in the NFL Draft and undrafted free agency, signed key free agents, both from the onset and throughout the year, and made steadying in-season moves via waiver claims and trades. Since his appointment just over two seasons ago, almost 90% of the roster was acquired or extended by him.

While turning over the roster, Douglas has improved the team's financial flexibility and added a number of draft assets, both by trading players with expiring contracts and draft-day deals. Through those deals, most notably the acquisition of two first-round picks and a third-round pick for safety Jamal Adams, the Jets selected twice in the first round of the 2021 NFL Draft and have multiple selections in the first and second rounds of the 2022 NFL Draft.

However, Vice Chairman Christopher Johnson's vision for Douglas was not just about the ability to construct a roster. "A general manager must be more than just a talent evaluator. He must be able to build and sustain a winning culture," Johnson said after announcing Douglas' hire. "That includes a commitment to collaboration and earning the trust of his collogues."

Johnson's confidence in Douglas was on display as they, along with team President Hymie Elhai, led the search for the team's new coach. In hiring Robert Saleh, Johnson is confident that the first-year head coach will join with Douglas and Elhai to form the cohesive foundation that brings the Jets to their goal of a sustained, winning franchise.

> **"You better know what you're looking for and know what you're looking at."**

That was advice Douglas recalled from his mentor, former Ravens General Manager Ozzie Newsome, and he has stayed true to his core principal that successful teams are built by people with the right level of commitment, character and competence, as Douglas looks to develop and sustain to what he characterizes as, "the best culture in sports."

For Douglas, roster construction isn't a quick fix. "Ultimately, I think when you look at successful organizations, no matter what the sport, you don't see a lot of teams that build long-term success by buying their way out of it," he said in 2020. "You see the teams, the organizations that have long-term success, they draft well, and they develop their players."

As part of that development and commitment to player health, safety and effectiveness, Douglas, with Coach Saleh, created the Athletic Care and Performance Department, aligning the team's athletic trainers, strength & conditioning staff as well as nutrition, rehab, and sport science staffs to better position players for success. Choosing Dr. Brad DeWeese to head the department, Douglas cited DeWeese's vision, insight, and strategic approach to maximize athletic care and performance, as well as his focus on speed and power.

In the 2021 NFL Draft, Douglas added 10 players to roster, most notably second-overall selection, Zach Wilson, and 14th-overall pick, Alijah Vera-Tucker, in the first round. In drafting Vera-Tucker, Douglas showed his aggressiveness, trading up nine spots in the first round for the "unique opportunity" to acquire what the team deemed a top 10 talent in that draft. Wilson and Vera-Tucker joined wide receiver Elijah Moore (second round) and running back Michael Carter (fourth round) as the team selected offensive

players with their first four draft picks for the first time since 1983. With their remaining six choices, the Jets targeted defensive players at all three levels: Michael Carter II, Jason Pinnock and Brandin Echols in the secondary, Jonathan Marshall up front and two safety-to-linebacker conversions in Jamien Sherwood and Hamsah Nasirildeen, acquiring players that could find success in Coach Saleh and Defensive Coordinator Jeff Ulbrich's new defense.

Before the draft, Douglas set to work bringing in players to add to the team's talent and culture in free agency, using a targeted aggressiveness to bring in players like defensive lineman Carl Lawson, wide receiver Corey Davis and linebacker Jarrad Davis. Douglas and his group stayed active throughout, adding veteran contributors in defensive linemen Sheldon Rankins and Vinny Curry, safety Lamarcus Joyner, tight end Tyler Kroft and cornerback Justin Hardee.

Despite the added wrinkle that his first draft as general manager (2020) was also the NFL's first ever virtual draft as a result of COVID-19 global pandemic, Douglas showed no signs of being a rookie, despite drafting from his home. He turned his seven draft picks in 2020, Leonard Williams' expiring contract and a sixth-round pick the team previously acquired into 13 players.

As a result of Douglas' movement in the draft, nine draft picks joined the Jets in 2020 – tackle Mekhi Becton, wide receiver Denzel Mims, safety Ashtyn Davis, defensive lineman Jabari Zuniga, running back La'Mical Perine, quarterback James Morgan, offensive lineman Cameron Clark, cornerback Bryce Hall and punter Braden Mann. Of the nine, five were team captains in college, yet another illustration of Douglas' commitment to character and culture. Additionally, he added cornerbacks Lamar Jackson and Javelin Guidry, as well as linebacker Bryce Huff, as undrafted free agents. All three played at least 150 snaps, as the Jets were the only team in 2020 with three such undrafted rookies on defense.

In his first start-of-the-league-year free agency (2020), Douglas took a strategic and disciplined approach to filling the team's roster, adding to the depth with players that could not only come in and contribute immediately, but would also fit the team's culture. Among the players added, were offensive linemen George Fant, Connor McGovern and Greg Van Roten along with a pair of veterans with a combined 27 years of NFL experience, quarterback Joe Flacco and running back Frank Gore. Gore, a leader on a young team, became just the third player in league history to gain 16,000 yards rushing, while showing the day-in, day-out habits of a future Hall of Famer. Douglas also re-signed key contributors on every level of the defense: linebacker Jordan Jenkins, cornerback Brian Poole and defensive lineman Steve McLendon.

During the season, Douglas made key waiver claims to provide depth and reinforce a roster that saw over 25 different players land on IR. Running back Ty Johnson, an October claim, averaged 4.7 yards per carry, a top 20 average among backs with at least 50 attempts. Offensive lineman Pat Elfein started the final six games at left guard after being claimed, while cornerback Corey Ballentine averaged 26.2 yards per return, a top 11 average among players with at least 10 kickoff returns. Conversely, Douglas continued to add to the club's draft capital by trading McLendon and Avery Williamson.

While Douglas' first season (2019) with the Jets did not end with the desired result, the roster showed resiliency as several players took on unexpected roles for a team that saw just two players start 16 games. The Jets were forced to use 15 different offensive starting lineups and 14 different defensive starting lineup combinations. Despite the injuries, Douglas buoyed a roster that finished 6-2 over the final eight weeks by acquiring players, in every available avenue possible, after his hire.

Although he started after free agency and the draft, Douglas also brought in a number of key contributors in his first season as general manager (2019), claiming wide receiver/punt returner Braxton Berrios and defensive lineman John Franklin-Myers. Since joining the Jets, Berrios has averaged 10.5 yards per punt return (fifth in the league among players with at least 30 returns), while also posting single-season bests in receptions, receiving yards and touchdowns in 2020. Franklin-Myers, who missed his entire first season with the Jets, returned in 2020 to finish top five on the team in tackles for loss and sacks, while tying for second in quarterback hits.

Douglas also added three 10+ game starters following his hire in tight end Ryan Griffin, a free agent signing the day before training camp, guard Alex Lewis, a training camp trade, and wide receiver Demaryius Thomas, a Week Two trade with New England, the first such trade between the two franchises in over 25 years.

Griffin, signed before training camp, caught five touchdown passes, tied for third in the conference and one of just eight tight ends in franchise history with at least five TD catches, while safety Matthias Farley, a free agent added right before the start of the regular season, was named special teams captain in 2020, leading the Jets in special teams tackles since 2019.

As part of his commitment to player health, safety and effectiveness, Douglas created the Athletic Care and Performance Department, aligning the team's athletic trainers, strength & conditioning staff as well as nutrition, rehab, and sport science staffs to better position players for success. Douglas and his staff choose Dr. Brad DeWeese to head the department as a result of DeWeese's vision, insight, and strategic approach to maximize athletic care and performance, as well as his focus on speed and power.

Throughout his time in the league, Douglas has put in the work and paid his dues, working as both a pro and college scout in Baltimore, Chicago and Philadelphia, and helping shape three different Super Bowl championship rosters. Before joining the Jets, he spent the previous three seasons as the vice president of player personnel with the Eagles. In Philadelphia, he was a key component in acquiring many of the players that helped win Super Bowl LII, including the game's MVP, quarterback Nick Foles.

Using every avenue to help improve the team, Douglas was part of a front office that acquired the players who scored all but two of the team's postseason touchdowns, including four of the five scores in the Super Bowl. A trio of 2017 unrestricted free agent signings - LeGarrette Blount, Foles and Alshon Jeffery – as well as a pair of street free agents – Patrick Robinson and Torrey Smith – all contributed scores on the team's title run. The Eagles' leading receiver in the Super Bowl, running back Corey Clement, was signed as an undrafted free agent, while the team's leading rusher in the game, running back Jay Ajayi, joined the club as a midseason trade.

JOE DOUGLAS

Prior to joining the Eagles, Douglas spent a season as the director of college scouting for Chicago (2015).

Entering the NFL as a player personnel assistant (2000) the year Baltimore won Super Bowl XXXV, Douglas ascended within the Ravens organization, holding various posts in the organization's scouting department, serving as a national scout (2012-15), Southeast area scout (2009-11), East Coast area scout (2008) and Northeast area scout (2003-07), helping add a number of prominent players via the draft, including the Super Bowl XLVII MVP, Flacco, as well as a number of Pro Bowl players – Ben Grubbs, C.J. Mosley, Justin Tucker and Marshal Yanda.

An All-Atlantic 10 selection, Douglas started 45 consecutive games at tackle for the University of Richmond. Following his collegiate playing career, he transitioned into a volunteer assistant coach role with the Spiders in 1999.

As an offensive and defensive lineman at Mechanicsville (VA) HS, formerly Lee-Davis, Douglas was recognized as a two-time all-state honoree.

He and his wife, Shannon, have two daughters, Addison and Leighton, and a son, Thomas.

In his current role, Hogan assists General Manager Joe Douglas, with the day-to-day operations of the Jets player personnel department. In addition, he oversees the college and pro scouting departments while working directly on personnel decisions and evaluations.

Under Douglas and Hogan, the Jets roster has turned over in the last two-plus seasons, as almost 90% were acquired or extended by them. In the 2020 and 2021 Drafts, they've made 19 total selections, moving up for offensive lineman Alijah Vera-Tucker in the 2021 first round or back to collect additional selections when their board dictates value like their second-round trade in 2020 that saw them move back 11 spots and then select wide receiver Denzel Mims.

In free agency, Hogan, Douglas and the personnel staff have remained flexible to the situation, using a strategic and disciplined approach in 2020 signing players like offensive linemen George Fant, Connor McGovern and Greg Van Roten, while adding veterans like quarterback Joe Flacco and future Hall of Fame running back Frank Gore. In 2021, the front office targeted specific players at the outset of free agency, moving quickly to add defensive lineman Carl Lawson and wide receiver Corey Davis, among others in free agency's first few days.

Prior to returning to the Jets, Hogan spent two seasons (2017-18) as the vice president of player personnel with Indianapolis, helping to construct a roster that saw the team return to the postseason in 2018. During his time with the Colts, the front office drafted a pair of rookie All-Pro selections in Quenton Nelson and Associated Press Defensive Rookie of the Year Darius Leonard. Additionally, he was a part of key veteran acquisitions, including the claims of cornerbacks Kenny Moore and Pierre Desir as well as the signings of Denico Autry and tight end Eric Ebron, who made his first Pro Bowl appearance (2018).

Hogan previously worked with the Chicago Bears for 12 years, the last three seasons as a national scout, and was part of a team that reached Super Bowl XLI and the 2010 NFC Championship. In Chicago, he assisted in the draft selections of Matt Forte, Kyle Fuller, Devin Hester, Alshon Jeffery, Kyle Long and Greg Olsen.

Prior to entering the NFL, he spent one year working as the director of football operations at the University of Utah under former head coach Urban Meyer. He also worked with the University of Notre Dame's athletic department and football program (1998-2003) in various roles, including as a football intern, business intern and in football recruiting/operations. During his time at Notre Dame, the school produced several standouts and NFL Draft selections, including center Jeff Faine, tight end Anthony Fasano, running back Ryan Grant, tackle Ryan Harris, quarterback Brady Quinn, center John Sullivan, defensive end Justin Tuck and San Francisco Giants pitcher Jeff Samardzija.

Hogan received a degree in public relations from Austin Peay in 1995, where he was a four-year member of the football team. The Clarksville, TN native and his wife, Christy, have three children, McKenna, Ryan and Erin.

COACHING STAFF

ROBERT SALEH

HEAD COACH

DEARBORN, MI | NORTHERN MICHIGAN | 17 | JETS | 1

ROBERT SALEH ***(pronounced: SAH-luh)*** was named the head coach of the New York Jets by Vice Chairman Christopher Johnson on January 19, 2021. With Saleh and General Manager Joe Douglas, Johnson envisions a partnership that will, "Foster and develop the winning culture we are striving to establish."

"It was clear to us that Robert was the right person to help us move forward," Johnson continued in his statement. "He is a collaborative leader with proven success in the NFL. I know he will develop the players on our roster, hold them accountable, and put them in a position to succeed. Most importantly, I believe they will connect with him."

Connecting with players has been a constant under Saleh. "They need a personal investment made into them so they can develop into being great football players," he said after being hired. "They want to get to their second contract and be rewarded for what they've gone through, and so players should expect that from their coaches, and from the organization. It is an absolute joy to see them hit the pinnacle of their career, where they get rewarded for it. To give that and understand that part is just being human to me."

"All Gas, No Brake," for Saleh, it is a mindset that goes beyond the team's practice and preparation to everything they do, on and off the field. More than just the players and coaches, it is about the entire organization stepping on the gas and getting better each and every day.

"He has a plan for the identity of this team and a clear plan to achieve it," Douglas said. "He's an unbelievable teacher, his teaching methods are outstanding. And then just the stories of him connecting, engaging, and creating buy-in, it was very impressive."

That buy-in was evident early in his career, as linebacker Paul Posluszny reflected on Saleh, his former position coach in Jacksonville, "You look at him, the command presence, the understanding that he had for not only what the linebackers need to do on the field but the entire defense, the way he was able to communicate things in a crystal-clear manner," Posluszny said. "He has that type of presence and that type of influence over his players."

Now in his 17th season coaching in the NFL, Saleh spent the last four seasons as the defensive coordinator with San Francisco. Since 2017, his group ranked third in the league in passing yards allowed (211.4), holding opposing quarterbacks to the eighth lowest completion percentage (62.9%), while producing Pro Bowl players at linebacker (Fred Warner), cornerback (Richard Sherman) and defensive line (Nick Bosa & DeForest Buckner), while Bosa was also selected as the 2019 Defensive Player of the Year by the Associated Press.

The last two seasons under Saleh, the 49ers defense led the league in passing defense (188.6), ranking in the top 10 in passer rating allowed (85.8), completion percentage allowed (62.4%), tackles for loss (154) and defensive touchdowns (six), while also helping San Francisco advance to Super Bowl LIV.

In 2020, despite an injury-plagued season, Saleh's unit still finished fifth in the league in total defense and fourth in passing defense, getting career seasons from cornerback Jason Verrett, whose started 13 games after playing in just six total the previous four seasons and defensive lineman Kerry Hyder, who started 14 games after logging more than 450 snaps in a season just once in his five previous years in the league as he become one of just 11 defensive linemen with at least 8.0 sacks, 15 quarterback hits and 40 total tackles.

ROBERT SALEH

A key part of the team's Super Bowl LIV run in 2019, Saleh's defense finished second in total defense, first in passing defense and third in third-down defense, while producing 48 sacks, tied for the fifth most in the league, and 28 takeaways, the sixth most. The San Francisco defensive line saw four players – Arik Armstead (10.0), Bosa (9.0), Buckner (7.5) and Dee Ford (6.5) – all produce at least 6.5 sacks, the only in the NFL to have four-or-more players with 6.5-or-more sacks. In the postseason, the defense allowed just over 300 yards per game, holding opponents to just 31.4% on third down and producing seven total takeaways, including two interceptions of league MVP Patrick Mahomes in the Super Bowl, the only game Mahomes had more than one interception that season.

In Saleh's second season with the 49ers (2018), the defense was one of six to allow fewer net yards per game, rushing yards per game and passing yards per game than they did the previous season. In 2017, his first as a coordinator, San Francisco allowed .62 yards fewer per play, the third best improvement in the league. Over the final eight weeks, they ranked second in the league in rushing yards allowed and fourth in yards per carry.

Coaching linebackers for three seasons in Jacksonville, Saleh oversaw a linebacker group that included Posluszny and Telvin Smith as the pair each finished in the top five in the league in total tackles between 2015-16 (according to Radar360). The team's linebackers were also a key part of a Jaguars defense that ranked fifth in passing defense and sixth in opponent rushing average in 2016, and fifth in rushing average allowed in 2015.

Prior to his time in Jacksonville, Saleh spent three seasons in Seattle as a defensive quality control coach, responsible for assisting the defensive staff with day-to-day duties with a focus on the linebackers, while learning an important lesson from Head Coach Pete Carroll:

"The biggest influence I took from Coach Carroll is from a philosophy standpoint," Saleh said in 2017. "Understanding who you are as a person. Understanding what's important to you as a person. And, how to apply it to the message that you're trying to deliver. Understanding that everybody has a style and that every style is the right style provided you apply it in the right way. So, just from a philosophy standpoint, speaking to people, handling people is where I have my greatest growth from Coach Carroll."

In those three seasons, he helped develop linebackers Bobby Wagner (2012 second-round pick) and K.J. Wright (2011 fourth-round pick) as the two became future Pro Bowl selections. A part of the Seahawks Super Bowl XLVIII winning staff, another of the team's linebackers, seventh-round pick Malcolm Smith, earned MVP honors after Smith registered nine tackles, a fumble recovery and a 69-yard interception returned for a touchdown.

Saleh began his NFL coaching career in Houston as a coaching intern (2005), becoming a defensive assistant (2006-08) and ultimately the linebackers coach (2009-10). Linebackers DeMeco Ryans (2006) and Brain Cushing (2009) each earned Associated Press Defensive Rookie of the Year honors while Saleh was there and were both selected to the Pro Bowl in 2009. That season, the tandem finished in the top 10 in the league in total tackles (according to Radar360).

Before his start as an NFL coach, Saleh spent four seasons coaching college football at Georgia (2005), Central Michigan (2004), beginning his coaching career at Michigan State (2002) as an offensive assistant/tight ends coach before becoming a defensive assistant/defensive line the following season.

A native of Dearborn, MI, Saleh attended Northern Michigan University where he started for four years at tight end. He earned his finance degree, beginning a career as a credit analyst before getting into coaching.

Saleh and his wife, Sanaa, have seven children, sons, Adam, Zane, Michael, Sam, and Jacob, and daughters, Mila and Ella. The couple are expecting their seventh later this year. Born to Lebanese parents, Sam and Fatin, he is considered one of three Arab-American head coaches in NFL history and believed to be the first Muslim-American head coach.

BRANT BOYER

SPECIAL TEAMS COORDINATOR

EXPERIENCE 10 JETS 6

HENEFER, UT ARIZONA

BRANT BOYER returns for his sixth season as the special teams coordinator of the New York Jets having been retained by Head Coach Robert Saleh in 2021. In his time with the Jets, Boyer has transformed the special teams into a top five unit in two of the last three seasons, according to FootballOutsiders.com, which compiles the numbers in five key elements of special teams.

Change has been a constant for Boyer, as the Jets have had seven different kickers and have seen five different players lead the team in kickoff returns, four different players in punt returns and has had a different special teams tackles leader in each of his five previous seasons. Despite the change, his unit has committed just 75 penalties, the 10th fewest of any team in the league, while also posting top 10 rankings in total touchdowns (five), blocked punts (four) and forced fumbles (four). His group has scored a touchdown on punt return, kickoff return and via fumble recovery and is also one of just three in the league with an interception.

Last season (2020), Boyer helped rookie punter Braden Mann establish a franchise record in punting average (43.9), while setting a team rookie record with a 60-yard punt. Kicker Sam Ficken, the only returning kicker Boyer has had in his five seasons, was connected on all 12 of his attempts under 50 yards one of three kickers with no misses on at least 10 attempts last season.

In 2019, Boyer's group finished fourth in the league in special teams DVOA according to FootballOutsiders.com, their second consecutive season in the top five, despite new primary players at kicker (Ficken), punt returner (Braxton Berrios) and kick returner (Ty Montgomery & Vyncint Smith). Overall, the group ranked in the top five in coverage touchdowns (two), punt return average (11.4), kickoff return average against (19.3) and fumble recoveries (two).

Berrios, a second-year player who missed his entire rookie season with injury before being claimed prior to the start of the regular season, finished second in the league in punt return average (11.4). The Jets, who averaged a league-low 6.8 yards per punt return from 2013-17 have now finished first and second in the league in 2018 and 2019 respectively, as Boyer narrowly missed becoming the first coach to have two different returners lead the league in punt returns in consecutive seasons since the merger.

In 2018, in addition to their number one ranking from both FootballOutsiders.com and Rick Gosselin, Boyer's group finished in the top five league-wide in kickoff return average (third; 26.9), punt return average (first; 13.0) and field goal percentage (fourth; 91.7%). The unit also blocked three kicks — a punt, a field goal and an extra point — one of just three teams with at least three blocked kicks and one of just two with a block of all three.

Among the many superlatives by the Jets special teams unit in 2018 were kicker Jason Myers earning a Pro Bowl selection after tying Nick Folk's field goal percentage franchise record, connecting on 33-of-36 field goals (91.7%) and finishing with the second-most made field goals and tying for the second most points for a single season in franchise history. Additionally, Myers made all five of his attempts of 55+ yards last season, the most in a single year in NFL history, and now accounts for five of the 11 makes from 55+ yards in Jets history. Myers also became one of just eight players in league history with a seven-field-goal game after connecting on all seven attempts for 24 total points (second-most kicking points in a game in league history) vs. Indianapolis (10/14/18).

Wide receiver/return specialist Andre Roberts, who was named a first-team All Pro and selected to his first Pro Bowl in nine NFL seasons, led the league in punt return average (14.1) and finished second in kickoff return average (29.4) last season, one of just 12 qualifying players to finish in the top three in both in the same season since 1970. Additionally, Roberts registered 10 returns (three punt, seven kickoff) of 40+ yards last season, two of which accounted for touchdowns — a 78-yard punt return at Detroit (09/10/18) and a 99-yard kickoff return vs. Green Bay (12/23/18). For Roberts, the 10 returns of 40+ make him one of just five players to accomplish the feat since 2000.

In 2017, Boyer oversaw the first career year from Edwards, as the punter increased every statistic from his rookie season. Edwards, who established franchise records with 46.6 gross and 40.5 net punt averages, ranked third in the league with 33 punts inside the 20-yard line, the second most in Jets history. Additionally, kicker Chandler Catanzaro, a 2017 acquisition, improved on his field goal percentage from 75% in 2016 to 83.3%, as well as connecting on 100% of his extra point attempts, the first time he had done so since his rookie season. Catanzaro also connected on a 57-yard field goal, the longest in team history, and set a franchise record with a 66.2% touchback rate.

Among Boyer's coverage units, the Jets allowed just 20.0 yards per kickoff return in 2017, the eighth lowest average in the league. Safety Rontez Miles led the NFL with 15 solo special teams tackles (according to radar360).

In his first season (2016), kicker Nick Folk connected on 87.1% of his field goal attempts, tied for the sixth best in the league that season and the fourth highest mark in team history.

BRANT BOYER

Boyer joined the Jets after a four-year tenure in Indianapolis (2012-15), where he aided a Colts special teams unit that ranked in the top 10 league-wide during that span in net punting average (third), kickoff return average (fourth), kickoff touchbacks (fourth) and field goal percentage (seventh), despite using three different players as primary punt returners and four different kick returners in his four seasons.

During the 2015 season, the Indianapolis special teams unit established an NFL record with just 156 kickoff return yards allowed for the season, besting the previous mark of 254 set by Denver in 1992.

In 2014, both punter Pat McAfee and kicker Adam Vinatieri received Associated Press First-Team NFL All-Pro and Pro Bowl honors under Boyer as McAfee converted a career-high three onside kicks and set single-season franchise records for punts pinned inside the 20-yard line (30), net punting average (42.8) and kickoff touchbacks (70), while Vinatieri made 30 of 31 field goals and also converted 35 consecutive attempts, the fourth-longest streak in NFL history.

In 2013, Boyer coached Matt Overton to his first career Pro Bowl selection, one year after discovering the long snapper at a specialists combine in Arizona and bringing him to Indianapolis for a workout prior to his signing in April 2012.

He served as a special teams captain for both the Jaguars and Browns and led Cleveland in tackles in 2002 and 2003. Before entering the NFL, Boyer was an inside linebacker and team captain at the University of Arizona as part of the school's "Desert Swarm" defense. He led the team in tackles during his senior season, helping the Wildcats to their first 10-win season in 90 years and a victory in the 1993 Fiesta Bowl, and earned a place in the school's Ring of Honor.

MIKE LAFLEUR

OFFENSIVE COORDINATOR

EXPERIENCE 8 JETS 1

MOUNT PLEASANT, MI | ELMHURST COLLEGE

MIKE LAFLEUR begins his first season with the New York Jets after joining Robert Saleh's staff as the offensive coordinator on January 21, 2021. For LaFleur, this season marks his eighth coaching in the NFL, including four seasons with San Francisco, the last three as passing game coordinator.

Since 2018, with LaFleur as passing game coordinator, the 49ers were one of just seven teams in the league to have three different quarterbacks start at least seven games. All three quarterbacks – Jimmy Garoppolo, Nick Mullens and C.J. Beathard – finished with at least an 87.2 passer rating, making SF the only of the seven teams to have all three QBs register that rating or higher. Garoppolo, who started 25 games over that span, registered a .680 winning percentage (17-8), the sixth-best winning percentage in the league. Garoppolo also finished fourth in yards per attempt (8.2), fifth in completion percentage (67.5%) and ninth in passer rating (98.6) among quarterbacks with at least 25 starts since 2018.

Overall, from 2018-20, the San Francisco offense finished in the top 10 in scoring (24.9), total offense (370.6) and rushing offense (127.0), while George Kittle, a two-time All-Pro and Pro Bowl selection, set a then NFL record for a tight end with 1,377 receiving yards (2019). In all three seasons with LaFleur as the passing game coordinator, a 49ers drafted wide receiver finished in the top 10 among rookie wide receivers in receiving yards. Brandon Aiyuk (sixth in 2020), Deebo Samuel (fourth in 2019) and Dante Pettis (ninth in 2018) helped San Francisco rookies produce 2,328 receiving yards since 2018, the second most in the league. During the 2019 season that finished with an appearance in Super Bowl LIV, the offense had 13 different players with at least one touchdown reception on the season, tying the NFL record for the most players in a single season.

LaFleur began his NFL coaching career as an offensive coaching intern with Cleveland (2014), working with the offensive line. That season, the line helped Browns running backs gained 1,648 yards, the 12th most in the league, producing 16 touchdowns, tied for the second most.

JEFF ULBRICH

DEFENSIVE COORDINATOR

EXPERIENCE 9 JETS 1

MORGAN HILLS, CA | HAWAI'I

JEFF ULBRICH *(pronounced: ULL-brick)* begins his first season with the New York Jets after joining Robert Saleh's staff as the defensive coordinator on January 21, 2021. For Ulbrich, this role is his first as a full-time defensive coordinator after serving as the interim defensive coordinator under Raheem Morris from Week Six in Atlanta (2020).

Prior to the Jets, Ulbrich spent six seasons with the Falcons, the first five as the team's linebackers coach, before he added the title of assistant head coach (2020). In 2020, following Raheem Morris' move to interim head coach in Week Six, he became the interim defensive coordinator for the final 11 games. Under Ulbrich, the defense improved in every category: total defense, scoring defense, passing defense, rushing defense, third down defense and red zone defense, while also producing sacks and interceptions at a higher rate. In those final 11 games, the Falcons ranked in the top third of the league in opponents third-down percentage and opposing red zone touchdown percentage, while also allowing the sixth fewest rushing yards per game.

In his six seasons with Atlanta, Ulbrich has had a linebacker register 90+ tackles nine times, including by four different players: Deion Jones (four times), De'Vondre Campbell (three), Foyesade Oluokun and Paul Worrilow. Jones, a second-round pick in 2016, produced 100+ tackles in every season in which he played at least 15 games, posting 513 tackles, the eighth most in the league since 2016. CLEVELAND, OH BALDWIN-WALLACE COLLEGE

TONY ODEN begins his first season with the New York Jets after joining Robert Saleh's staff as the senior defensive assistant / cornerbacks coach on February 11, 2021. A coach in the NFL since 2004, Oden had previously worked with defensive backs for seven different franchises.

Prior to his start with the Jets, Oden spent a season as the defensive backs/cornerbacks coach in San Francisco (2020). Despite using seven different starters at corner, the 49ers finished fourth in passing defense while also ranking in the top 10 in both completion percentage and passer rating allowed.

In Miami (2018-19), Oden helped a pair of young players in Xavien Howard and Minkah Fitzpatrick. In 2018, as the defensive backs coach, Howard registered seven interceptions to tie for the league lead, earning his first Pro Bowl appearance. Additionally, Fitzpatrick finished in the top five among all rookie safeties in tackles, interceptions and passes defensed.

Oden spent four seasons in Detroit (2014-17) as the defensive backs/cornerbacks coach and helped the Lions finished with 58 interceptions, the ninth-most of that span. Under Oden, cornerback Darius Slay earned his first Pro Bowl selection (2017) after finishing the season with eight interceptions, tied for the most in the league. Additionally, Slay posted 69 passes defensed, the most in the league over that span while also finishing in the top five with 14 interceptions.

Cornerback Darrelle Revis was selected to the Pro Bowl in his only season with the team after finishing with a team-high 11 passes defensed, two interceptions, two forced fumbles and a sack.

As the secondary coach in Jacksonville (2012), Oden helped cornerback Derek Cox tie a career high with four interceptions, while safety Dawan Landry finished with 100 tackles - one of just eight DBs with at least 100 tackles that season.

A member of the New Orleans staff for six seasons (2006-11), Oden was the assistant secondary coach for five years before becoming the secondary coach in 2011. In his time with the Saints, the team won Super Bowl XLIV, finishing the 2010 with the fourth best passing defense in the league. In that span, safety Roman Harper earned the only two Pro Bowl selections of his 11-year career.

Beginning his NFL career in Houston, Oden served as a defensive assistant and assistant defensive backs coach (2004-05). His first season, the Texans registered 22 interceptions, fifth in the league and still the most in franchise history.

Before coaching in the NFL, Oden served as defensive backs coach at Eastern Michigan University (2003), after spending three seasons at East Carolina University as the safeties coach (2002), secondary coach (2001) and outside linebackers coach (2000). Prior to joining East Carolina, Oden was the assistant defensive backs coach at West Point (1998-99). He began his coaching career as assistant defensive backs coach at Millersville (PA) University in 1996, followed by one season as a graduate assistant working with the wide receivers at Boston College (1997).

The camp was inspired by his younger brother, Jamaris, who has non-verbal Down syndrome. "My brother definitely made me a better person," he told ESPN.com in 2018. "He helped me become more patient and understanding. He helped me grow into a young man. He gives me more motivation."

OFF THE FIELD

TRACK & FIELD: Became a four-time All-American, Pac-12 champion and two-time MPSF champion for the Cal track and field program after joining as a walk-on with no offers coming out of high school • Won the 110-meter hurdles on 14 occasions during his Cal career, including the Pac-12 Championships with a personal best time of 13.50 that ranks as the third-best mark in the event in school history.

His track career started late as he played baseball, basketball and mostly football growing up, joining the high school track team as a junior only after his high school quarterback suggested it as a way to increase his speed for football.

Mistakenly entered in the 110-meter hurdles during a meet by his coach, instead of the 100-meter sprint, he broke his coach's school record in hurdles after participating in it for less than a year.

Despite the football and track success, he had no offers, attending the 2014 California High School State Track and Field Championships trying to find a school, settling on Cal because of proximity and their willingness to let him try and continue his football career.

"My dad said, 'Just keep doing (track) and use it as a platform for where you want to go for football,' " Davis recalled to the Cal student newspaper. "It was really hard to find a school that was going to let me pursue football as well. When I visited Cal, the track staff was totally fine with me doing that, so it was just the right fit."

OFF THE FIELD

PAVED THE WAY: Older Brother, Titus, the all-time receiving yards (3,700) and touchdown (37) leader at Central Michigan University, spent parts of two seasons on the Jets practice squad (2015-2016). Corey, like Titus did, wears 84 with the Jets.

"Since I was a little kid I was always chasing after him and trying to be like him," Corey told the Tennessean in 2020. "I wore his number every year to copy him. He thought it was annoying, but I looked up to him tremendously."

Titus passed away in 2020 at the age of 27 from Renal Medullary Carcinoma, a rare form of kidney cancer only a few months after his diagnosis.

CONNECTED THROUGH FOOTBALL: Growing up in Chicago, he met his best friend, Ryan Graham, while playing youth football • The relationship continued to grow as Davis ultimately moved in with the Grahams during the spring of his sophomore year of high school, and with the permission of Davis' parents, the Grahams became his legal guardians.

"One of the first things he asked for help with was to live with us," Graham told to the Tennessean in 2018. "He's always had to put this persona on, just to survive. When he's at home, around family, he's the funny uncle, dances around, tells the jokes."

OF NOTE

UNTAMED BRONCO: Started in all 50 games he appeared in in four seasons at Western Michigan, the only Division I school to recruit him, and set the Mid-American Conference Record in receptions (332), yards (5,285), and touchdowns (52), becoming the only player in FBS history to record 300 receptions, 5,000 yards, and 50 touchdowns • His receiving yards are the most in FBS History, while his touchdown receptions rank second.

FIFTH-YEAR SWITCH: Used his fifth year of eligibility at Western Kentucky to play football for the first time since eighth grade, playing in 12 games at 270 pounds, recording one catch for seven yards and had two tackles as a defensive lineman. After his pro day when he worked out at linebacker, defensive end, defensive tackle, tight end and tackle at 296 pounds, he went undrafted but signed with SEA following the draft.

"When I came to Western's football team last year, I sat behind all the tackles and all the tight ends," Fant told the Bowling Green Daily News after signing with SEA in 2016.

"I just sat back there and watched and learned. I learned how to run routes from Tyler Higbee and Devin Scott. I learned how to block and things like that. That stuff, to see it pay off right now and have an organization like the Seahawks have that much interest in me and want to bring me in, it's very satisfying."

After four years on the Hilltoppers basketball team, ranked 13th in career scoring and eighth in career rebounding in school history • A three-time all-conference selection during his career, he led the team in rebounding with 8.4 boards per game and averaged a career best 13.8 points per game in his final basketball season (2014-15).

SIBLING RIVALRY: Brother, Elisha, is a defensive back for his Pac-12 rival UCLA, as Elisha followed their parents, Javelin, Sr. and Kaishauna, both Bruin alumni.

"We are both on defense so they can root for both of us," Elisha told the Los Angeles Daily News before the 2019 game. "We have our Guidry Bowl shirts, so they are going to be rocking it up there and having a good time."

RESILENT TIGER: Redshirted as a true sophomore as the result of an ACL injury • Still finished his college career with 14 sacks and 24 tackles for loss in just 33 games • An All-SEC first team selection by the coaches in his final season (2016), he was also a two-time team captain as a redshirt sophomore and junior (2015-16).

NUMBER ONE: Was the number one defensive line recruit in the country following a senior season at Milton (GA) HS that saw him record 27 sacks and 44 tackles for loss.

OFF THE FIELD

ANIME: Credits his love of football to the cartoon Dragon Ball Z, despite his father, Carl, Sr., being a fullback on the 1990 co-national champion Georgia Tech football team.

"It was the main contributor," he said on NFL Network in 2019. "Literally it's all fighting, eating and training as hard as you possibly can, and that's football. Instead of tearing the stuff up in my house, my dad was like you need to stop watching this show and go play football. I feel like Dragon Ball Z is definitely a main contributor why I play football. It's a gladiator-type mentality on that show and it's a gladiator-type mentality on the field."

"It helped me with lower-body control and coordination," Mann told Newsday during his rookie season. "It allows me to make some adjustments on the move in a game. If something doesn't go right, I can always try to get myself out of it with my lower body, my leg speed and lower-body athletic ability.

HIGH SCHOOL CAMP & DONATION: Has hosted a free football camp at his alma mater, Theodore (AL) HS • The camp, which has separate days for kids ages 6-through-13 and then 14-through-17 focused on the player's position, going through specific technique for their position.

"This gives these kids an opportunity to be out here having fun, doing what they love," he told AL.com in 2018. "Whether they like football or not, it's all about them, being positive and doing the right thing."

Additionally, he donated $10,000 to the school after the 2018 camp.

"It's a great feeling," he said in a statement. "There's a lot of negativity in this world. To be one of the positive role models, and to come back and still have that same support -- people are not trying to take advantage of you and things like that -- I can come back here with open arms, so that's a great feeling."

OF NOTE

RARITY: Became only the third player ever drafted from Fort Hays State and the first in over 30 years • Despite coming from a small school, gained the attention with his invite to the 2018 Senior Bowl.

"I walked into Senior Bowl practices not even knowing his name, honestly," Rob Rang, NFLDraftScout.com analyst, told the Toronto Sun in 2018. "This is a good player who just happens to come from a really small school. And the country, if they didn't know his name before, they should have once the Senior Bowl got going. He was just terrific."

OFF THE FIELD

ODD JOBS: As a result of Canadian universities not offering full athletic scholarships, was forced to withdraw from Simon Fraser University in Burnaby, British Columbia, before enrolling at Fort Hays State the following year...In his time between the two schools – two seasons – he worked in a plant nursery, electrical construction, and a factory that made boxes for beer and soda, working out by doing push-ups between his 12-hour shifts. "If it is to be, it's up to me," something instilled in him by his Ajax-Pickering Dolphins Football Club coach, Jeff Ahlstedt, a message that Shepherd told the New York Post in 2018, "I can't lie, that's something that was ingrained in my character. So 'If it is to be it's up to me' for me it was just a great way to kind of take control of whatever you wanted your future to look like."

OF NOTE

SOCIAL JUSTICE: A captain in his senior season at UNC, he helped lead the team in the wake of George Floyd's killing, as Head Coach Mack Brown said he was the first player he called and those conversations laid the foundation for how the team communicated on social injustices facing the nation.

"To be a person that people can come to or that has the ability to influence positively is a big deal to me because it means my peers respect me," he told Tarheel Illustrated in 2020. "And I think respect is a huge thing, and I feel like if they know something ever goes wrong, I got their back whether they miss a play or they fall down or they need help with homework or they need help moving or anything. I just feel like it's the friendship, it's the bond, it's the family.

BEFORE THE NFL

Two-year cornerback who appeared in 24 games (22 starts) and registered 108 total tackles, two forced fumbles, and an interception at the University of Kentucky

Started in all 11 games his senior year (2020) and registered 54 total tackles and an interception.

As a junior (2019), started at corner in 11 of the last 13 games played and registered 54 total tackles.

Prior to UK, was a two- year cornerback at Northwest Mississippi Community College who appeared in 21 games (16 starts) and registered 83 total tackles.

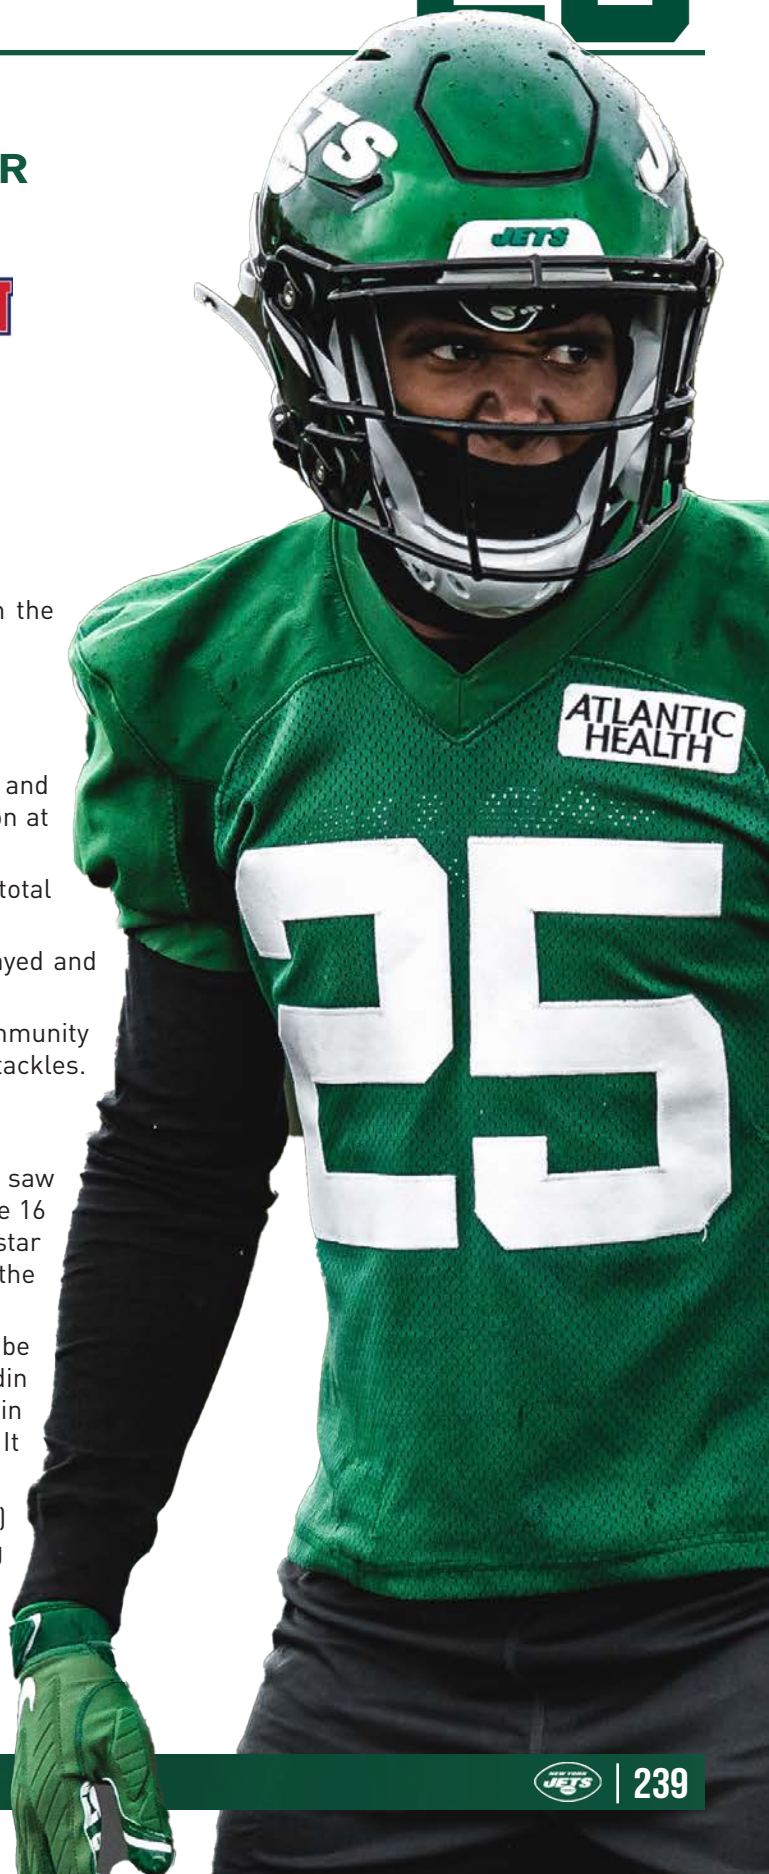

OF NOTE

POSITION SWITCH: Despite a senior year at Southaven (MS) HS that saw him record 29 receptions for 406 yards, rush for 906 yards and score 16 total touchdowns (rushing, receiving and returning), he was zero star recruit and enrolled NW Mississippi CC as a wide receiver before the coaching staff convinced him to play cornerback.

"I told our coaches, I'm gonna try him at corner and I think he'd be a pretty good corner. Our offensive coaches didn't like it and Brandin didn't like it," NWCC Head Coach Benjy Parker told the Daily News in 2021. "We saw how explosive he was and his natural athletic ability. It takes a great athlete to play corner."

MULTI-SPORT: He was a multi-sport athlete at Southaven (MS) HS who also played basketball and ran track as a senior, earning a spot on Clarion-Ledger's all-state team after winning the state championship in the long jump.
